17-0082919 | 1 FRAMEFOUR BENCH WITH DOUBLE STORAGE LEG (2LBN/WM), DIVISIO FRAMELESS SCREEN (XS A03), DASH LAMP, REPLY AIR SEAGULL CHAIR (AIR 03/8013), TOUCHDOWN (GD/ZN), QIVI COLLABORATIVE CHAIR (TR04)

Easy. Adaptable.

Reply breathes life into any environment or setting. Easy mobility allows for quick reconfiguration of the office to support individual and collaborative work.

Not only does Reply fit perfectly in medium and large floor plans, it also offers small businesses an easy and adaptable fit.

Comfort

Reply and Reply Air offer a family of customised, high-performance seating experience which combines choice of aesthetic with real comfort and an easy to use ergonomic design.

Customisation and aesthetic

Reply Air seamlessly integrates ergonomic elements and a range of accessories to meet your needs and match your aesthetic.

17-0080402 | REPLY AIR SEAGULL CHAIR (AIR 03/TR13/TR07), OLOGY BENCH (2LAW/WM), FREESTANDING DOUBLE STORAGE LEG (2LAW), DIVISO FRAMELESS SCREEN (X5 A06), B-FREE SMALL CUBE (TR13)

17-0080405

3 ARM TYPES

Reply offers a range of adjustability, from 1D height-adjustable, to 3D and 4D to better fit more users.

16-0060469

CHOICE OF BACKREST

Two aesthetics, one feeling. Reply offers the choice of a upholstered or mesh backrest.

17-0080409

SEAT ANGLE

Reply offers an adjustable seat angle for users who want more posture options.

16-0060513

COAT HANGER

Perfect for mobile workers or residents, the optional coat hanger on Reply Air provides a place to keep jackets out of the way and wrinkle-free.

16-0060478

CARD HOLDERS

Visitor cards can be fitted in three moveable positions to dedicate Reply to a single person or a particular department.

16-0060524

HEIGHT-ADJUSTABLE LUMBAR SUPPORT

Reply's height-adjustable lumbar support offers easy handle access so every individual can enjoy the most comfortable sit.

Reply task chair offers a classic and sleek design.
The upholstered version comes in merle and black finishes.

Different designs

Reply task chair's backrest comes with three areas corresponding to the pelvic, lumbar and thoracic parts of the spine. Two different densities of foam are used: flexible, soft foam to cushion the lumbar region and denser foam to provide full support to the upper and pelvic back. These densities are visually demonstrated through the electro-welded upholstery pattern, which also provides better thermal comfort compared to standard upholstery. Increased air circulation keeps users cool, calm and comfortable.

Reply Air task chair offers modern and contemporary design.
The mesh version comes in seagull and black finishes.

Same high performance

Reply Air automatically and exactly adjusts to support an individual's spinal print. The tension of the mesh, and therefore the support it provides, adjusts according to the force placed on the backrest by the user.

Support different work modes

Reply creates a sleek and stylish working environment for cutting edge global businesses. It is ideal for individual workspaces, team areas or benching applications.

With Reply, organisations can demonstrate how much they value their employees.

16-0060547 | REPLY AIR TASK CHAIR (AIR 03/AT20), KALIDRO DESK (W5/SL/MG), PARTITO SCREEN (AT14), VOLUM ART PEDESTAL (MG/W5)

Air Mesh 01 Grey	Fame 8013 Scarlet	
Air Mesh 03 White	WM Arctic White Mat	

Colours are representative and may vary slightly from actual material.

SUSTAINABILITY

DESIGNING FOR THE ENVIRONMENT REQUIRES INNOVATIVE THINKING AND SOLUTIONS.

LIFE CYCLE ASSESSMENT

During our products development process we consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life.

Thanks to the Life Cycle Assessment (LCA) method, Steelcase quantified Reply environmental impacts to set the stage for further improvements.

This method, based on ISO 14040 and 14044 and selected by The European Union for environmental evaluation, allows us to quantify the environmental impact of our products throughout their whole lifecycle.

MATERIALS

17% recycled content by weight for the plastic base version, 26% for the aluminium base version.

PVC-free.

100% recycled cardboard and 30% recycled LDPE film (Low Density Polyethylene) in packaging.

Water-based inks without solvent on packaging.

PRODUCTION

ISO 14001 certification for the Sarrebourg site (France).

Powder-coat painting: VOC-free and free of heavy metals.

No gluing processes/water-based glue.

Water-based polyurethane foam.

TRANSPORT

Manufactured close to customers, in Europe.

Eco-smart ++ packaging - Minimised packaging weight and volume.

USE

Designed for a long product life.

Replaceable parts and easy-to-change textiles.

No toxic substances released by our eco-labeled textiles.

Maintenance information is available on steelcase.com

END OF LIFE

Up to 98% recyclable by weight.

100% recyclable cardboard and LDPE film for packaging.

Quick and easy disassembly.

Plastic parts clearly labelled for easy sorting and effective recycling.

CERTIFICATIONS

To show continuous improvements, we communicate Reply environmental performance through voluntary environmental labels and declarations.

Sustainability related actions and results are communicated in the annual Steelcase Corporate Responsibility report.
