

**BAO.** Design: EOOS.

Spacious and round. It is the curves that make Bao appealing on first sight. Flowing lines – sweeping and elegant. The armchair combines the materials whilst keeping them distinct: classy saddle leather on the back, natural fabric for the seat. Everything has its place. Bao – as familiar as a welcoming embrace. the swivelling armchair is now also available in all fabric and leather combinations, completely covered in fabric or leather.

## Product description

### Design awards

### Modell no.

207-10

### Frame

Seat and back: steel construction.

### Upholstery

Seat and back foam-moulded with wadding cover.  
Lower upholstery with straps.

### Base

Swivel base, powder-coated black matt.

### Glides

Fitted with synthetic glides.

### Cover

#### 207-10:

Armchair completely covered with the same fabric or leather.

#### For seat and back shield in various cover combinations:

The seat and back surfaces are available in a colour or material different to the back shield. The price for the armchair is the sum of the price for **207-10 C** and **cover back shield**.

The back shield is also available in leather Saddle design.

### Notice

*Fabrics with structure or elastic fabrics are recommended due to the round shape of the body. Additional seams will possibly be needed.*
