

## PICNIK

This table for two is in fact much more than just a table seating two people. Picnik was of course primarily designed as a table and bench seat combination for small outdoor spaces. But thanks to its striking looks – both solid and stylized at the same time – Picnik is also frequently used indoors.

Combining several Picnik tables in (semi) public spaces creates an almost artistic effect. It is therefore not at all surprising that Tate Modern chose Picnik for its visitor resting spots. After having won seven design awards, it is clear that Picnik will go down in design history as a true style icon.

## SIMPLICITY IS THE ULTIMATE SOPHISTICATION

Most of the people who like design live in big cities. But city dwellers do not usually have much outdoor space. A terrace at most. Dirk Wynants was astonished at the junk he saw on the balconies of beautifully renovated lofts while travelling. He decided to design a small, compact “Tool for ...
