

## OXFORD™ CLASSIC

---

The original version of the Oxford™ chair was designed for the professors at St Catherine's College in Oxford, United Kingdom. The chair's extra tall back served as a symbol of prestige and created a space of its own. The "professor's chair" later evolved into the Oxford series. In spite of the initial protests and uproar over the commission of a foreign modernist, Arne Jacobsen received an honorary doctorate from Oxford, upon completion of the project. This groundbreaking example of total design is, today, considered Arne Jacobsen's most outstanding work.

REPUBLIC OF **Fritz Hansen**®

## PRODUCT DESCRIPTION

The Oxford™ Classic is a series of chairs and armchairs. All chairs are available with a low or medium back height. The shell is made of molded sliced veneer covered with PU foam and upholstered in fabric or leather. The armrests and base (5-star) are die-cast aluminium in a satin polished finish. The base can be configured with either double-casters with aluminium/black plastic housing (height adjustment incl. tilt mechanism) or black-grey plastic toes (with fixed seat height). The accessories include mirror chromed base and armrests, leather arm pad, automatic return mechanism, hard or soft castors with or without brake action.

## DESIGN

Arne Jacobsen, 1962.

## ARNE JACOBSEN 1902-1971

The collaboration between Arne Jacobsen and Fritz Hansen dates back to 1934. It was not until 1952 however that the team got its breakthrough with the Ani™. It was succeeded by Series 7™ in 1955, thereby enabling both Jacobsen and Fritz Hansen to write their names into furniture history.

Arne Jacobsen was incredibly productive, both as an architect and a designer. At the end of the 1950s he designed the SAS Royal Hotel in Copenhagen, also designing the Egg™, the Swan™, the Swan Sofa™ and Series 3300™ for the same project.

## UPHOLSTERY

Oxford™ Classic comes upholstered in both fabric and leather. The upholstery is available in the following selection of fabrics and leathers:

### Fritz Hansen Colours:

The Fritz Hansen Colours are created exclusively by Republic of Fritz Hansen's own design team and consist of serene pale pink, warm and earthy terracotta orange and finally deep ocean blue.

**BLUE**  
FABRIC: FH 6001

## VARIATIONS & DIMENSIONS

### OXFORD™ CLASSIC - LOW BACK

### OXFORD™ CLASSIC - MEDIUM BACK

## ENVIRONMENTAL PRODUCT INFORMATION

Suitable as a conference chair, desk chair, guest chair and lounge chair.

### MATERIALS

#### Shell

The shell is made of moulded veneer comprising seven layers of beech and two layers of poplar. The shell is upholstered with moulded polyurethane (PUR) foam and covered with fabric or leather.

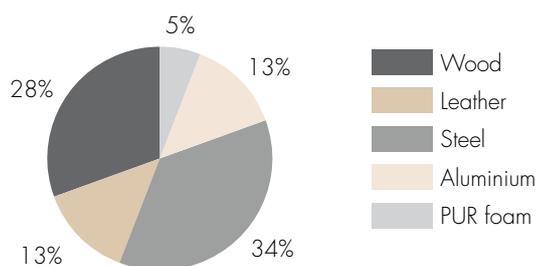

#### Base & armrests

The base and armrests are made of satin polished aluminium. Chairs with a fixed seat height are provided with toes in black-grey synthetic material. Chairs with height adjustment are provided with tilt mechanism and double castors with aluminium caps.

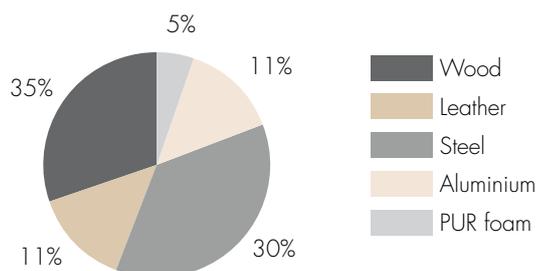

#### Materials in %

The below figures illustrate the weight allocation between the different materials used. Items with a weight <1% of the total product weight are not included in the figures below. The upholstery percentage may vary depending on the upholstery type.

Models with castors and no armrests:

Models with castors and armrests:

### PACKAGING MATERIAL

The chairs are shipped in cardboard. All packaging material can be recycled.

### REPAIR, DISPOSAL AND REUSE

In case of repair and disposal the chairs can be disassembled into two parts (shell and base). The aluminium base and other metal parts can be recycled. Check local regulations for recycling in your area and whether there is potential for reuse.

## MANUFACTURING PROCESSES

### Suppliers

Before Fritz Hansen enters into a cooperation with a supplier, their environmental stance is examined as part of the company's quality and environmental management systems.

### Chrome surface treatment

Fritz Hansen uses both trivalent chromium (chrome 3) and hexavalent chromium (chrome 6) for chromium plating. Fritz Hansen will convert to solely using trivalent chromium (chrome 3) when the capacity in the Industry allows it.

### Metal

Production scrap (steel and aluminium) is collected for recycling.

### Foam

Remnants from foam production are granulated, wherever possible, for recycling.

## MANAGEMENT SYSTEMS

### Environmental Systems

We are aware of our environmental responsibilities. Therefore, in the autumn of 2004 Fritz Hansen obtained the ISO 14001 certification in the environmental management system. The certification is a guarantee to our customers and the authorities that we comply with the requirements of the ISO 14001:2015 standard.

### Quality System

Fritz Hansen is also certified according to the quality system ISO 9001:2015.

### Employee Health and Safety

Fritz Hansen aims at meeting or exceeding OSHA standards.

## ENVIRONMENTAL PRODUCT CERTIFICATION

### GreenGuard

The OXFORD™ chair is GreenGuard Gold certified. GreenGuard certification is an emission certification for indoor air quality. Products with ultra-low-emitting materials can achieve GreenGuard Gold.

### FSC® C120451

All Oxford™ chairs from 2016 are FSC® (Forest Stewardship Council®) certified. This FSC certification ensure the wood is from forests that are managed with respect for the ecological, social and ethical standards.

## LONG LIFETIME

A long lifetime of a piece of furniture is an important environmental factor. Fritz Hansen aims to obtain a long lifetime through timeless design and strict requirements for strength and durability. The chair complies with the requirements for EN 15373:2008 Safety, strength, durability and stability for non domestic seating, general use.
