# EDITOR'S FOREWORD

“The users of our equipment, who are your consumers, will from now on, more or less consciously, be very attentive to the hygiene and cleanliness of the places they want to visit.

Undeniably, new furniture, with the ability to keep its characteristics for a long time, will reassure final users and make the terrace more attractive.

Even more than before, the difference in turnover between a new terrace and an old or obsolete one will be accentuated.

Tests carried out a few years ago had already assessed the impact on sales at +30%. Today this may perhaps be + 50 %!”

*Bernard Reybier, Chairman and Managing Director, Fermob Group*

# CHALLENGES

You and us together are lucky to face a great challenge: refurnishing our customers' outdoor spaces in the best possible way and in the shortest possible time.

To achieve this, Fermob teams are working hand in glove to provide a quick answer to your needs and those of your clients, using an appropriate outdoor product "Be Safe" with the following challenges:

- Reconciling **social distancing** and **conviviality**
- Making it **more pleasant to welcome people**
- Maintaining and controlling perceived **safety perimeters**
- Introducing **empathy** by changing a few simple things

*Check out our new products offer and inspiring settings to give back confidence and **joie de vivre** to everyone.*
